- Perfect as a bedside light in the children's room • The opal glass shade provides a soft, diffused light

Skyku is shaped like an adorable soft cloud and is perfect for the children's room or nursery. The glass dome provides a soft, diffused light that is perfect for bedtime reading and for making your little ones feel safe during the night.

The glass in this lamp is mouth-blown and has been individually hand crafted. Due to this unique process, air bubbles may appear in the glass and the thickness of the glass can also vary. This gives the glass its character and vivid appearance.
