

# SEINA STAINLESS STEEL

Specially designed LED brick lights. The rear housing is the size of a regular brick, meaning that no special cutting is required. It has a specially designed LED board and has a polycarbonate shade for improved light output. Straightforward installation with angled cable lands and fast fix terminal block. Designed to take armoured cable. Louvered, plain and guide available in three colours, including marine grade brushed stainless steel. RGB colour changing LED option also available.

75527

- Constructed from marine grade stainless steel (316) & polycarbonate
- LED module (SMD)
- Min void: 102.5mm
- Cut out: 215 x 65mm
- Warm white module (78641) only compatible with plain fittings
